

Dear Neighbors,

A new electronic padlock (NokePro) will be installed at the Boat Launch to replace the keyed lock that we have used in the past.

This lock does not use a key, but rather your mobile device to open it. This lock is compatible with iOS devices that have Bluetooth 4.0 LE hardware and running iOS 7.0 or later (iPhone 4S or newer, iPod Touch 5G or newer, iPad 3G or newer, iPad minis).

NokePro is also compatible with Android devices that have Bluetooth 4.0 hardware and running Kit Kat (4.4) version of the Android operating system (including Samsung Galaxy S4 or newer, HTC One or newer, and several more).

Only one access request is allowed per lot/home owner.

**Residents/Owners not owning a Smart Phone** can obtain an Electronic Key Fob for accessing and unlocking the electronic lock. Please provide the requested information to include a contact number, so that a convenient date and time can be setup to pick up the Key Fob and to get training in using it.

***Key Fobs will only be given out to Residents without a Smart Phone.***

#### **SMARTPHONE USERS**

To get set up you will need to do the following:

1. Download the NokePro App from the App Store to your mobile device.
2. Complete the following information and return to the Lock Administrator to create your account in the NokePro Master File.

**NAME:**

**ADDRESS:**

**E-MAIL:**

**CONTACT NUMBER (Non-Smartphone Residents only):**

**LOCK ADMINISTRATOR: [LAKERAMSEYLOCKS@GMAIL.COM](mailto:LAKERAMSEYLOCKS@GMAIL.COM) Phone (318) 789-0905**

After your information is setup in the NokePro Master file, you will receive an email from NokePro with directions to enter in the memo a personal password (minimum 8 digits). Open the NokePro app and enter your e-mail address and your personal password. You are now set up to open the lock.

To open the lock at the launch:

Open the NokePro app and have Bluetooth enabled on your device. (Does not apply to Key Fob users)

Press down on the shackle of the lock and the lock will open within a few seconds.

***HAPPY BOATING!***
