

Below are the updated procedures for getting access to the Lake Ramsey boat ramp electronic lock effective 04-05-2023

To get access, email the following information to: [lakeramseylocks@gmail.com](mailto:lakeramseylocks@gmail.com)

Name:

Address:

Email Address:

Phone Number:

I will then set you up in the NokePro. After I set you up you will need to follow the instructions below.

Download the NokePro app to your mobile phone. You will get an email from NokePro. Check your Spam folder if you don't see it in your Inbox. Scroll down to the **ACTIVATE** button and press it. It will ask you to enter a password and to confirm it. The password must contain a minimum of 8 digits. Go back to the NokePro app Home Page and enter the following information:

Co Code- (enter) hoa of lake ramsey

Your email address-

Your Password-

After doing this you have access to open the lock.

To open the lock:

With Bluetooth and Cellular Service turned on, and the NokePro app opened to the Home Page, "WAKE LOCK" will appear. Push the center button on bottom of the lock.

On the NokePro home page a blue square will appear. Tap it. Within a few seconds the blue square will turn green, meaning the lock is open.

**REMEMBER:** *Reattach the lock immediately after unloading and loading your boat.*
