ARTICLE IV

COVENANT FOR MAINTENANCE ASSESSMENTS

SECTION 1. Creation of the Lien and Personal Obligation of Assessments. Each Owner of any lot or unit by acceptance of a deed therefor, whether or not it shall be so expressed in such deed, is deemed to covenant and agree to pay to the Association: (1) annual assessments or charges, and (2) special assessments for capital improvements, such assessments to be established and collected as hereinafter provided. The annual and special assessments, together with interest, costs, and reasonable attorney's fees, shall be a charge on the land and shall be a continuing lien upon the property against which each such assessment is made. Each such assessment, together with interest, costs, and reasonable attorney's fees, shall also also be the personal obligation of the person who was the Owner of such property at the time when the assessment fell due. The personal obligation for delinquent assessments shall not pass to his successors in title unless expressly assumed by them.

SECTION 2. Purpose of Assessments. The assessments levied by the Association shall be used exclusively to provide services and to promote the recreation, health, and welfare of the residents in the

Development. An adequate reserve for replacements of facilities and equipment shall be established and funded from the annual assessment. The funds of this reserve shall be deposited separately in an account insured by the United States Government. It may be used only for the replacement and maintenance of improvements to the Common Areas or major repairs thereto warranted by their deterioration or through destruction from any cause.

The specific services to be provided shall be decided upon by the Association's Board of Directors. As a minimum they will include:

(a) the cost of all operating expenses of the Common Areas and facilities and services furnished;

(b) the cost of necessary management and administration;

(c) the amount of all taxes and assessments levied against the Association or upon any property which it may own or which it is otherwise required to pay;

(d) the cost of adequate fire and extended liability insurance on all Common Areas and facilities and any other insurance the Association may effect;

(e) the cost of maintaining, replacing, repairing and landscaping the Common Areas and facilities as the Association's Board of Directors determine to be necessary and proper; and

(f) the cost of funding all reserves established by the Association, including a general operating reserve and a reserve for replacements.

SECTION 3. Maximum Annual Assessment. Until January 1 of the year immediately following the conveyance of the first lot or unit to an Owner, the maximum annual assessment shall be Five Hundred Dollars (\$500.00) per lot or unit.

(a) From and after January 1 of the year immediately following the conveyance of the first lot or unit to an Owner, the maximum annual assessment may be increased each year not more than 10 percent above the maximum assessment for the previous year without a vote of the membership.

(b) From and after January 1 of the year immediately following the conveyance of the first lot or unit to an Owner, the maximum annual assessment may be increased by an amount greater than 10 percent by the vote or written assent of 51 percent of each class of members.

(c) The Board of Directors may fix the annual assessment at an amount not in excess of the maximum.

SECTION 4. Special Assessments for Capital Improvements. In addition to the annual assessments authorized above, the Association may levy, in any assessment year, a special assessment applicable to that year only for the purpose of defraying, in whole or in part, the cost of any construction, repair or replacement of a capital improvement upon the Common Areas, including fixtures and personal property related thereto, provided that any such assessment shall have the vote or written assent of 51 percent of each class of members.

SECTION 5. Notice and Quorum For Any Action Authorized Under Sections 3 and 4. Any action authorized under Section 3 or 4 shall be taken at a meeting called for that purpose, written notice of which shall be sent to all members at their last known address as shown on the Association's records, not less than 10 days nor more than 30 days in advance of the meeting. If the proposed action is favored by a majority of the votes cast at such meeting, but such vote is less than the requisite 51 percent of each class of members, members, who were not present in person or by proxy may give their assent in writing, provided the same is obtained by the appropriate officers of the Association not later than 30 days from the date of such meeting.

SECTION 6. Uniform Rate of Assessment. Both annual and special assessments must be fixed at a uniform rate for all lots and units and may be collected on a monthly or yearly basis as determined by the Association's Board of Directors.

SECTION 7. Date of Commencement of Annual Assessments. Due Dates. The annual assessments provided for herein shall commence as to all lots or units on the first day of the month following the initial conveyance of the Common Areas. The first annual assessment

shall be adjusted according to the number of months remaining in the calendar year. The Board of Directors shall fix the amount of the annual assessment against each lot or unit at least thirty (30) days in advance of each annual assessment period. Written notice of the annual assessment shall be sent to every Owner, at his last known address as shown on the Association's records, subject thereto. The due dates shall be established by the Board of Directors. The Association shall, upon demand, and for a reasonable charge, furnish a certificate signed by an officer of the Association setting forth whether the assessments on a specified lot or unit have been paid.

SECTION 8. Effect of Nonpayment of Assessments. Remedies of the Association. Any assessment not paid within thirty (30) days after the due date shall bear interest from the due date at the rate of 10 per cent per annum. The Association may bring an action at law against the Owner personally obligated to pay the same, or foreclose the lien against the property. No owner may waive or otherwise escape liability for the assessments provided for herein by non-use of the Common Areas or abandonment of his lot or unit.

SECTION 9. Subordination of the Lien to Mortgages. The lien of the assessments provided for herein shall be subordinate to the lien of any first mortgage. Sale or transfer of any lot or unit shall not affect the assessment lien. However, the sale or transfer of any lot or unit pursuant to mortgage foreclosure or any proceeding in lieu thereof, shall extinguish the lien of such assessments as to payments which became due prior to such sale or transfer. No sale or transfer shall relieve such lot or unit from lien thereof.

SECTION 10. Limitation of Liability. Neither the Association nor the Developer shall be liable for any failure of any services to be obtained by the Association or paid for out of its common expense funds, or for injury or damage to person or property caused by the elements or resulting from water which may leak or flow from any portion of the Common Areas and community facilities or from any wire, pipe drain, conduit or the like. Neither the Association nor the Developer shall be liable to any member or guest for loss or damage, by theft or otherwise, of articles which may be stored upon the

Common Areas or community facilities. No diminution of assessments shall be claimed or allowed for inconvenience or discomfort arising from the making of repairs or improvements to the Common Areas or community facilities or from any action taken by the Association or the Developer to comply with any law or ordinance or with the order or direction of any state, parish, municipal or governmental authority.

ARTICLE V
ARCHITECTURAL CONTROL

No building, fence, wall or other structure shall be commenced, erected or maintained within the Development, nor shall any exterior addition to or change or alteration therein be made until the plans and specifications showing the nature, kind, shape, height, materials, and location of the same shall have been submitted to and approved in writing, as to harmony of external design and location in relation to surrounding structures and topography, by the Developer, and the appropriate building permit obtained from the Parish of St. Tammy, and after a one (1) year period following the last act of sale from the developer, by the Association. The Developer or the Association may designate a representative or establish an architectural control committee to act for it. In the event said Developer, or the Association or its assigns, fails to approve or disapprove such design and location within thirty (30) days after said plans and specifications have been submitted to it, or in any event, if no suit to enjoin; the construction has been commenced prior to the completion thereof, approval will not be required and this Article will be deemed to have been fully complied with.

ARTICLE VI
PROTECTIVE COVENANTS

All lots shown on the plat of Lake Ramsey Development, Lakeshore Section, (Exhibit "A") bearing numerical designation shall be known, described and used as residential lots. No structure shall be erected, altered, placed or permitted to remain on any of said lots herein

designated as residential lots other than one residential unit constructed for the purpose of housing not to exceed one family.

Non-residential use of any numbered lot in the Development is expressly prohibited. No obnoxious or offensive trade or activities shall be carried on upon any lot, nor shall anything be done thereon which may be or become an annoyance or nuisance to the Development.

SECTION 3. Nothing herein shall be deemed to prevent an Owner from leasing or renting his property for residential use, subject to all of the provisions of these covenants.

SECTION 4. The exterior of all structures and grounds related thereto within the Development must be substantially completed in accordance with the plans and specifications approved by the Developer within twelve (12) months after construction of the same is commenced, except where such completion is impossible or is the result of matters beyond the control of the developer or builder, such as strikes, casualty losses, national emergencies or acts of God.

SECTION 5. No main building or any extension or part thereof shall be erected on any single family residential lot in the Development nearer than twenty-five (25') feet from the front lot line or nearer than ten (10') feet from side street lot line or nearer than twenty (20') feet from the rear lot line of such lot as shown on the recorded plat. All other restrictions herein contained shall apply to the same extent as if said dwelling has been built on a single building lot.

No residence, exclusive of lot cost, with an appraised value of less than One Hundred Thousand (\$100,000.00) Dollars, (exclusive of land value) based upon cost levels prevailing on the date this Master Declaration is recorded may be constructed in the Development, it being the intention and purpose of this section to insure that all residences shall be of a quality of workmanship and materials substantially the same or better than that which can be produced on the date this Master Declaration is recorded at the minimum cost stated herein for the minimum permitted square foot area. The livable heated and cooled ground floor area of each residence, exclusive of open porches, enclosed automobile parking spaces and non-heated and cooled storage spaces, shall not be less than eighteen hundred (1,800) square feet.

SECTION 10. No Owner, in building, or causing to be built, a single family detached residence on any lot in the Development, shall substantially duplicate the exterior elevation, in design or architecture, of any other dwelling then existing on the same street as

said lot Owner, unless approved by the Developer or the Architectural Committee. For the purpose of this paragraph, a dwelling shall be considered in existence from the time of excavations for the foundations are begun until said dwelling is removed or is destroyed.

SECTION 11. The plans and specifications for each residence constructed in said Development shall be submitted to the Developer or the designated representative or assigns, for approval prior to commencement of construction of any improvements upon any lot. SECTION 14. Use and storage of all vehicles and recreational equipment upon lots, roadways and common areas within the Development shall be subject to rules provided herein.

SECTION 15. Not more than two (2) generally recognized house or yard pets may be kept and maintained on a lot or in a residence within the Development provided such pets are not kept or maintained for commercial purpose. No kennels or dog runs may be built in the "Subdivision." All pets must be kept on a leash and under the control of their owner when they are outside of the lot or unit and must not become a nuisance to other residents. All pets must be properly vaccinated and registered with appropriate public authorities.

SECTION 16. No building material of any kind or character shall be placed or stored upon any lot within the Development until the owner is ready to commence improvements. Building material shall not be placed or stored in the street or between the curb and property line during construction. No construction of any nature no storage of related material or equipment will be permitted in any street, drainage easement, or common area.

SECTION 17. Grass, weeds, and vegetation on each lot shall be kept mowed at regular intervals by each owner, so as to maintain the same neat and attractive manner. Trees, shrubs and plants which die shall be promptly removed from such lots. The above restrictions apply to all lots before and after a home is built on the lot.

Should any Owner refuse or neglect to comply with the terms of this Section, before a residence is built on his lot, the Association or its assigns may, at its option and in its discretion, have dead trees removed from the property and mow and remove debris, and the Owner of such lot shall be assessed to reimburse the cost of such work.

SECTION 18. Each Owner will maintain the appearance of his lot in high quality condition, and will provide and maintain landscaping on all easements and utility boxes located on his lot. The grass, flowers and shrubbery must be kept in orderly fashion. Clear cutting of lots that contain mature tree cover is prohibited.

ARTICLE VII GENERAL PROVISIONS

SECTION 1. All of the covenants, conditions, and restrictions appearing herein as well as those appearing in a deed or other conveyance or any lot or unit to which they apply shall be construed together, but if any one of the same shall be held to be invalid by judgment or court decree, or for any other reason is not enforced or enforceable, none of the others shall be affected or impaired thereby, but shall remain in full force and effect.

SECTION 2. If any Owner of any lot or unit bound by these covenants, conditions and restrictions, or their heirs, devisees, assigns or successors shall violate or attempt to violate the provisions thereof, the Owner of any of said lot or unit may prosecute any proceedings at law or in equity against the person or persons violating or attempting to violate any of such covenants, conditions and

Provided, however, the covenants, conditions and restrictions herein contained may be amended at any time with the written consent of at least eighty (80%) per cent of the Owners of lots and units in said Development, exclusive of their mortgages.

SECTION 4. So long as the Developer or participating builders are engaged in developing or improving any portion of the Development such persons shall be exempted from the provisions of Article VI affecting movement and storage of building materials and equipment, erection and maintenance of directional and promotional signs, and conduct of sales activities, including maintenance of model residences. Such exemption shall be subject to such rules as may be established by the Developer to maintain reasonable standards of safety, cleanliness and general appearance of the Development.

SECTION 5. After a one (1) year period following the last act of sale from the Developer to a builder or individual, all consents required in this Article from the Developer shall be transferred to the Association, whose consent shall be required in lieu of the Developer's consent.

The invalidation of any one or more of these Restrictions by a Judgment or Court Order shall in nowise affect any of the other Restrictions herein, which other Restrictions shall remain in full force and effect.
